BOOSTER

WHAT IS BIO•HEAVEN™?

Your plants will look forward to complete, all-round nirvana with Bio•Heaven™. It contains carefully selected biological stimulants, such as amino acids – the basic building blocks for proteins and enzymes that are essential for the plant's structure and metabolism. It improves the effects and translocation of nutrients in all foliar sprays and fertiliser blends. It also gets rid of toxins through boosting the plant's anti-oxidant system and repairs chlorophyll production.

The Bio•Heaven™ benefits

Bio•Heaven™ stimulates enzymatic activity and fast nutrient absorption, while increasing the chelate of essential macro and micronutrients. Plants are also better able to retain moisture and experience less humidity stress as a result. Bio•Heaven™ also provides an outstanding source of carbonic acid for microorganisms in the soil. Ultimately, the crop performs better and you can look forward to a higher quality yield.

BOTTLES

250ML, 500ML, 1L, 5L, 10L, 20L

SETTING	PHASE	FUNCTION
INDOOR OUTDOOR	GROWING BLOOMING	BOOSTING

HOW TO USE IT

Bio•Heaven™ can be used during the entire growth and flowering period.

APPLICATION

Water

- Regular watering
- Hydroponics
- Watering-system

Dose

1-4 ml per litre of water

CAUTIONS AND WARNINGS

- Keep out of the reach of children.
- Do not swallow.
- Use following the instructions.

NUTRIENT SCHEDULE

Follow this schedule when using **ALL•MIX*** ** For every system: soil, hydro & aeronics.

Follow this schedule when using **LIGHT•MIX*** or **COCO•MIX*** Essential for growing on coco: adjust pH & use an enzyme product (e.g. Acti-Vera®)
